Our 8 hour Concealed Carry Weapon Course meets the requirements for Nevada and Florida CCW Licensing. We can host a class at our classroom facility, or we can come to you and give the class in your home or office. We'll work around your unique schedule and set up your range qualification at a convenient time for you within 15 days of your class, and we cover your range fees and target. Get five friends to sign up, and your class is FREE!

We also offer Full Spectrum Firearms Training.
